"Dedicated to providing the best care for your best friend!"

Lifestyle Pet Training

Many of you know our groomer Amber is a great pet stylist. Did you also know she is an awesome animal trainer? She has even taught her cat to come and sit on command! This summer Amber will share her talents by offering Lifestyle Pet Training classes to the public. Amber has trained two search and rescue dogs with AVSAR - Allegheny Valley Search And Rescue. She also has several years experience teaching public obedience classes through an area dog club and has competed in sanctioned AKC obedience trials. Amber has certified four Therapy dogs through TDI - Therapy Dogs International. Amber has even been the guest trainer for Clarion River Lodge's Dog Whisperer Weekends! However, most people are not going to take their dog into an obedience ring, pursue search and rescue, or participate in therapy visits. Most people just want a well behaved dog they can enjoy as part of the

family. Our goal at Trillium Pet Care's Lifestyle Classes is to help you have a better behaved dog. Inquire today. Trillium Pet Care boarding and grooming clients will receive a discount.

"Baby" a beagle mix was the February winner of our monthly drawing for a FREE Deluxe Full Groom

Canine Influenza

In 2003 the mutation of an equine flu virus introduced a new illness to the canine world. Most dogs, regardless of age, are susceptible as there is no natural immunity and there has been no vaccine available. The pharmaceutical company Intervet Schering-Plough has recently developed a vaccine against the Canine Influenza H3N8 virus. This virus has become endemic in the state of Florida and has had pockets of outbreaks in at least 30 states, including Pennsylvania. My research would indicate that proper vaccination requires an initial shot followed by a second shot two weeks later with annual boosters thereafter. The vaccination does not appear to prevent the illness but should reduce the severity of coughing and provide protection against lung lesions.

In essence, the canine flu vaccination may not keep your pet from getting sick but it will prevent your pet from developing severe illness if infected.

Vaccinated pets also have reduced viral shedding meaning there is less opportunity for Canine Influenza Virus to infect other dogs. In testing there have been no adverse reactions in immunized dogs. The H3N8 virus is not contagious to humans according to the Center for Disease Control. Here at Trillium we pay the utmost attention to cleaning, sanitizing and air exchange in our facility. We have been in close contact with our local veterinarians who have agreed to alert us to any Canine Influenza outbreak in our area. While we are not yet requiring this immunization we strongly urge you to discuss it with your own veterinarian. I'd like to see all dogs who travel out of state receive this vaccine. I also believe any pet with compromised health issues would benefit from immunization. To learn more please visit www.doginfluenza.com

Puppies and Kittens Groomed For Free

Puppies and kittens under 16 weeks of age receive their first groom for free! We at Trillium know that a puppy or kitty's first experience at the groomers should be enjoyable. We'll take our time and offer lots of praise and encouragement to your little baby.

New Pet Stylist

Trillium Pet Care is pleased to announce that Stacey Lane Reimer has joined our grooming staff. Ms. Reimer, of Clarion, is a graduate of the Yuppies School for Grooming in Manassas, VA and the School for the Deaf in Washington, DC. Stacey has over 10 years experience as a pet stylist at PetSmart in Fairfax, VA and Friends Pet Salon in PenArgyl, PA. She plans to contribute to the pets in our community with easy, practical and pretty pet grooms!

Raisin Alarm

How often do we all slip our pets a bite from the table? Maybe share a cookie? I know this is a common event in my home. However there are dangers that exist in giving our dogs the treats we love. Even healthy treats! Grapes and their dried counterpart, raisins, are toxic to dogs. Here is a fruit we consider a healthy alternative to candy or junk food. But it is not healthy to dogs as it causes elevated levels of blood urea nitrogen and blood calcium. Pets who have ingested grapes or raisins may begin to vomit. The kidneys become damaged and as renal failure proceeds, they become unable to urinate and death occurs. Veterinary care must be immediate to introduce IV fluids for any chance of survival. Please keep grapes and raisins off the menu when you reward your pet with a treat from the table. A raisin cookie or a piece of raisin bread could make your pet extremely ill. (source: www.snopes.com)

Complimentary Daycare

Tell your friends and family they can give our facility a try for free! Potential clients may enjoy a complimentary trial day any Tuesday, Wednesday, or Thursday. Drop the pet off during morning hours and pick up in the evening. Free day is based on availability and is not available during Holiday periods. Basic daycare boarding only, fees for extra services may still apply. By appointment only. Pets must meet our vaccination requirements.

Route 28 Construction

Our driveway will remain open and is right smack in the middle of the construction project. Please use caution when entering and exiting. Better yet, use our back driveway. Turn off route 28 onto Walwork Road (directly across from State Route 536). Follow Walwork for about a half mile and turn left at the mailboxes. A sign here reads Mayport Valley Farms. This is Yeany Lane/Pine Run road and you will come to the kennel in 1/4 mile.

- Limit of one free groom per year per household.
- Pet must meet vaccination requirements.
- Winner's grooming appointment will be based on availability.
- One winner will be drawn each month.

"We give dogs love we can spare, time we can spare, and room we can spare. In return, dogs give us their all. It's the best deal man has ever made." - Margery Facklam

Blankets & Toys

You are welcome to bring items from home to make your pet's stay more enjoyable. Owners may bring a machine washable blanket from home between November 1st and April 30th. Foam, cedar filled, & bean bag type beds from home are not permitted as they are difficult or impossible to wash. For sanitation and parasite control, no fabric items may be left in the kennel during the summer/fall flea season from May 1st thru October 31st. We offer clean fleece blankets for owners who desire added comfort for their pets. Our fleece blankets have a 600 thread count and are a double layer of quilted artificial lambs wool. All dogs are provided with a cot as part of the basic boarding service.
